

## NCSC Website Moving to Bluehost Hosting Service

### Background:

The hosting service that we use to host our website (DrupalGardens) notified us in June that they would no longer be providing this service and that we would need to move to a new hosting service before August 1, 2016. We have identified an alternative hosting solution from Bluehost (<https://www.bluehost.com/>) that will provide us the same level of service at just about the same cost (actually save us about \$5 per month).

### What you need to know:

- We have already migrated all of the content to the new hosting service and have tested out the functionality. There should be no significant differences in how our site operates or how we manage content.
- We are planning to re-point the internet name registration for [www.newcastlesailingclub.org](http://www.newcastlesailingclub.org) on Sunday 7/24. Since it takes a little while for the global internet name services to catch up, we can't pinpoint exactly when on Sunday you'll start being pointed to the new hosted site. How will you know? The login section on the new site will have a slightly different look:

- Since the passwords for all of the user accounts were not able to be migrated, you will have to request a new password. If you have any problems don't hesitate to contact me to resolve. ([sgbuehler@gmail.com](mailto:sgbuehler@gmail.com), 302-420-8945). I have full ability with our new service to directly manage accounts and handle password resets.

***Please don't hesitate to contact me directly with any questions or concerns.***
